Q-1: On the 1-1/2" double service, do you have a detail drawing on that? Is it going to be a 2" tap on the main with a bullhead that reduces down to 1-1/2? Or 2 ea. 1-1/2 taps on the main?

A-1: Please refer to City of Austin Detail 520S-9, located in the Project Manual.

Q-2: Same thing on the 2", will it be a single 2" tap that goes to a bullhead with 2 - 2" meters? Or just 2 - 2" single services, each with their own tap?

A-2: The answer to this question will be addressed by Addendum #1. Please refer to City of Austin Detail 520S-9A.
